Dear [Redacted]

On behalf of the Foreign Policy Semester of The American University's Washington Semester Program, I would like to request a briefing on the Agency's role in the foreign policy process, as part of our Spring 1985 academic program.

STAT

I spoke with [Redacted] this afternoon, and she suggested that I write to you and suggest a preferred date. I would like to suggest the morning of February 1 (9:30 - 11:30 per last semester), with February 8 as an alternative date.

At this point, we anticipate an enrollment of 110 students.

Last semester's presentation was very well received, and we hope that you will be able to accomodate the program once again.

Sincerely yours,

Theodore D. Raphael  
Assistant Professor
